When replying please quote No. C-46/35-36

Dated Bangalore, the 3rd December 1935

FROM

F. A. HAMILTON, ESQ., C.I.E.,
Inspector-General of Police in Mysore,
Bangalore.

CHIEF SECRETARY 4 DEC. 1935

To

A. V. Ramanathan, Esq., B.A.,
Chief Secretary to the Government of Mysore,
Bangalore.

SIR,

I have the honor to state that Rule 2 of Section iii (certification of films) framed under the Mysore Cinematograph Regulation, requires that every certificate issued under the regulation should be reproduced on the film and exhibited.

On a representation made by certain exhibotors sometime back that they did not possess here the appliances needed to prepare photos of films showing the certificate, it was resolved at a meeting of the Mysore Cinematograph Board held on 20-4-1934 that in case of films certified in British India it should be sufficient if the certificate is shown by means of a special slide on the screen. An extract of the resolution is herein enclosed for kind perusal.

I request, therefore, that till facilities for making films are available in Bangalore and other centres where films are certified, permission may be given to relax the application of the rule to the extent referred to in the resolution.

I have the honor to be,
Sir,
Your most obedient servant,

INSPECTOR GENERAL OF POLICE.

CM.

Proceedings of a meeting of the Mysore Cinematograph Board held on Friday, 20th April, 1934 at 11 A.M. in the Office of the Inspector General of Police in Mysore, Fort, Bangalore.

Resolution

Resolved that Rule 2 of Section 3 of the Rules framed under the Cinematograph regulations requires that the certificate issued by the Board should be reproduced on the film. This Rule has been almost a dead letter in as much as the films and the British Indian certificates are usually received just a few days before the exhibition, and the application for certificates are deferred to the last moment, the licensees will not have sufficient time for this purpose. Besides the owners of the local Cinema Theatres get films from the Distributors and do not possess the means of preparing Trailers of this certificate and it would be hard on them therefore to insist upon reproduction of the certificate on the film. In cases of films produced in the State or certified for the first time in the State such conditions may be insisted upon. In the case of other films certified in British India it should be sufficient if the certificate is shown before the film is actually exhibited on the screen by means of a specially prepared slide. Government may be approached with a view to modif the Rules.
